

TOOLS

CREATE A VERSATILE JAPANESE SAW, WITH YOUR SNAP-OFF-KNIFE.

SAW BLADE SB-18

Turn your 18 mm snap-off knife into a versatile Japanese saw, with the new saw blade SB-18. The new saw blade SB-18 is made according to Japanese specifications, it's very thin and cuts on the backward stroke, producing an exceptional fine clean sectional cut.

- Made from SK5 carbon steel
- The teeth are hardened to 60-65 HRC
- 0,5 mm thick
- 7 teeth per cm
- Fits an 18 mm snap-off knife
